## ALSO THE PRESIDENT AND CABINET.

On Friday Afternoon the Casket Will Be Opened in the Library for Three Hours.

At the Church of the Redeemer in Paterson the Public Service Will lie Held Saturday Afternoon-Burial in Cedar Lawn Cemetery.

New York, Nov. 23 .- The funeral of the late Garret A. Hobart, vice president of the United States, will take place on Saturday. The morning services at the residence will be attended by only the members of Mr. Hobart's family, President McKinley and his cabinet and Mr. Hobart's most intimate friends.

At the Church of the Redeemer in Paterson the public service will be held at 2:30 o'clock in the afternoon. The body will not lie in state in the city hall, as was desired by the city authorities, but Friday afternoon the casket will be open in the library of his home and for three hours the publie may view the face of the late vice president. The body lies in a handsome casket of oak, the plate bearing this inscription:

1844-GARRETT A. HOBART-1899. The following official statement was given out at the Hobart residence by Private Secretary Evans Wednesday night:

"The funeral services over the body of the late vice president will be held at the Church of the Redeemer, Paterson, on Saturday, November 25, at 2:30 p. m.

"Inasmuch as the seating accommodation of the church is entirely inadequate, it will be necessary that seats be reserved for the various national. state and local officials, representatives of the organizations with which Mr. Hobart was connected, and intimate personal friends of the family. It is. therefore, impossible to provide for the general public until various officials, representatives and friends hav been accommodated.

"Previous to the public exercises or Saturday afternoon, a brief servicwill be held at the Hobart mrasion only for the family, the president and his cabinet, and intimate personal friends.

"On Friday afternoon the body of the vice president will be placed in the library of his home, where the public may have an opportunity to view it. The interment will be at the convenience of the family at Cedar Lawn

cemetery." It is expected that President Me-Kinley and his cabinet, the supreme court justices and other officials from Washington will arrive before noon on Saturday. A special train bearing the senators and representatives and other United States officials, will start from New York and committees will be on hand at Paterson to take charge of those on board.

A great many messages of condolence were received Wednesday, including messages from Chief Justice Fuller, of the United States supreme court; Gen. Gordon, of Savannah; Mr. and Mrs. Whitelaw Reid; Daniel N. Morgan, formerly treasurer of the United States; United States Senator Carter. of Montana; United States Minister Harris, of Vienna; the Oregon State Bar association; Mrs. Julia Dent Grant and a number of foreign ministers at Washington.

All of the public buildings in Paterson have been draped, as well as many of the private residences throughout New Jersey. Dr. Newton, the vice president's physician. Wednesday filed the certificate of death, giving the cause of death as "dilation of the heart, due to myocarditis."

Mr. Hobart was a member of the Order of Free and Accepted Masons of high rank, a thirty-second degree Scottish Rite Mason and a Knight Templar. In reply to inquiries of representatives of various masonic bodies, it has been explained to them that the family deem it best not to have a masonic funeral. Up to the present the names of the pallbearers have not been announced. Mr. Hobart. two months ago, when he feared something might happen, named six of his most intimate friends in New Jersey, and it is believed that these will a ct as his pallbearers. Mrs. Hobart is beaking up well under her great trouble, and Wednesday was able to see a few of her most intimate friends, including Attorney General Griggs and Mrs. Griggs, and Rev. Dr. David Nagie, who will deliver the funeral oration.

All-American Route Established By Capt. Abercrombie, of the Alaskan Expedition.

### WILL REPORT TO SECRETARY ROOT.

Opening to the Gold Region for American Miners Without Interference From Foreign Officials.

The Survey is 380 Miles From the Boundary and Through the Heart of Alaska-Large Game is Very Plentiful on the Trail.

NEW YORK, Nov. 23.-Capt. William Abercrombie, who has spent three years in Alaskan exploration and who has just surveyed an all-American route to the Klondike, passed through New York Wednesday, on his way to Washington to make his report to Secretary Root.

He said: "The main feature of the expedition from which I have just returned is the completion of plans for the opening of the Klondike region for the American miner so he can land at Valdez, with his pack pony and prospect any part of the public domain without interference from the officials of a foreign country.

"The trail I have surveyed is 380 miles from the boundary and through the heart of Alaska. I surveyed about 700 miles, and I built an all-American trail four feet wide, with a view to its ultimate widening 75 miles long, through the Rocky mountain divisions from Valdez to the Tonsina river, which flows into the Copper river.

"This road, of course, is merely a trail and very crude, but its course is well watered and game is plentiful, especially bears, goats and wild sheep.

"The Klondike expedition started from Washington on March 22, and I had with me two topographers, two civil engineers and Lieut. Babcock, in charge of construction. We went by train to Fort Yellowstone, in Yellowstone park, where we picked up horses and packers, which we shipped to Seattle. We left Seattle on April 15 on the steamship Excelsior, the expedition then numbering about 35 souls. including a trail boss, a dynamiter. two sharpeners, rock men, graders and

handy men. "When we arrived at Valdez we found many miners from the interior stranded and suffering. The war department directed that they be given employment on government work, and as a result of this no destitute miners had to be taken out of the country in

the revenue cutters. "During the coming year there will be numerous enterprises embarked in Alaska and especially in the Yukon country. The country to be opened to settlement is full twice as large as the New England states and will support thousands of people.

"The water is good, the soil fertile, game abundant, except in the Copper River valley, and all the hardy grains such as are raised in Siberia, may be raised along the line of this all-American trail. One hundred and fifty miles above the mouth of the Copper river is dense vegetation and luxurious grass and three or four kinds of edible berries.

"The mouth of the Copper river is a wide delta, containing sand bars and shallows, while 60 miles up the mouth are the Miles glacier and the Childs glacier. Finding it was impossible to navigate the Copper river, we went around by Prince William's sound. In my experimental garden at Valdez I raised peas, carrots, turnips, lettuce, radishes and other garden stuff. Port Valdez was our base of supplies from Seattle, the supplies being packed in by pack trains."

Machinists and Helpers Quit Work. BUFFALO, N. Y., Nov. 23 .- More than 100 machinists and helpers employed in the locomotive works of the New York Central railroad, at Depew, quit work Wednesday. Last Saturday a number of union men employed in the shops were discharged, and it was the refusal of the company to take back these men that caused Wednesdag's strike. It is said that unless the demand of the strikers is conceded the strike will extend to the entire works

The Planters and Farmers' Association Sends Commissioners to Consult the President.

## THE REHABILITATION OF THE ISLAND.

It Depends First Upon the Revival of Her Natural Industries, Sugar, Tobacco and Mines.

The Commissioners Ask for the Establish ment of An Agricultural Bank, More Commercial Privileges and Better Postal fervice.

WASHINGTON, Nov. 23 .- Evaristo y Montalvo and Francisco Figueras, commissioners appointed by the Planters' and Farmers' Association of Cuba, W. O. McDowell, president of the Cuban-American league, accompanied by Senor Quesada, the Cuban commissioner, called upon the president Wednesday and laid before him a petition adopted by the Planters' and Farmers' association.

The petition was based on the belief of the commissioners that the rehabilitation of Cuba depends first of all upon the revival of her natural industries, sugar tobacco and mines. To secure this industrial revival the commissioners pray the president to provide for the establishment of an agricultural bank with branches in the principal cities of the island so that money may be easily obtained by the planters on crop and land security.

They pointed out, however, that no amount of production can bring prosperity to Cuba without a market for her crops. They therefore ask that the president extend to Cuba the same commercial privileges as will be enjoyed by the islands of the British West Indies under recent treaties, or else that he renew the reciprocity arrangements that were made for Cuba's benefit with Spain under President Harrison in 1891.

Minor points touched on in the petition are the desirability of the same postal arrangements with the United States that now exist between the United States and Mexico and Canada; also, the repeal of any order preventing competition of cable service out of Cuba.

The petition quotes the views of Commissioner Robert P. Porter on the economic needs of Cuba and submits the draft of a charter for the proposed agricultural bank. They discussed the general situation in Cuba with the president and when they left the white house said their conference had been very satisfactory, though not inclined to go into details as to what the president had told them. Later they went to the treasury department where they had an interview with Secretary

# DEWEY HOUSE TRANSFERS.

An Interesting Feature in Connection With the Three Deeds Now on Flie With the Recorder Noted.

WASHINGTON, Nov. 23 .- An interesting feature in connection with the three Dewey deeds now on file with the recorder of deeds was noted Wednesday afternoon. The first deed filed. that by which George Dewey et ux transferred the Rhode Island avenue property to John W. Crawford, although dated November 14, was not until the 16th inst.

The second deed, by which Crawford transferred the property to Mrs. Dewey, and the third deed recorded Wednesday, by which George Dewey and Mrs. Dewey turned over the title to George G. Dewey, were both, according to the dates as set forth in the papers, acknowledged the 14th inst. In other words, it would seem that Crawford transferred the property to Mrs. Dewey, and the latter in turn to George G. Dewey, two days before Adm. Dewey transferred the title to Crawford.

# THE RACE TROUBLE.

No New Developments in Regard to the War Between Federal Negro Troops and Citizens at Rio Grande City.

Austin, Tex., Nov. 23. - There are no new developments anent the race trouble at Rio Grande City between the federal Negro soldiers and the population of that town. Early Wednesday morning Gov. Sayers received a telegram from the sheriff at Rio Grand City stating that everything was quiet there and he thought they would remain so. Secretary of War Root telegraphed that he had sent experienced officers to the scene of the trouble to make a full and thorough investigation and pending their report he trusted that the people would remain quiet.

# Found a Chest of Gold.

SANTIAGO DE CUBA, Nov. 23 .- The wreckers working on the sunken Spanish cruiser Almirante Oquendo discovered a chest containing \$19,000 in Spanish gold, which the Cendoya Co., the firm employing the divers, will retain. Work on the cruiser has been in progress for five months and many thousands of dollars' worth of treasure has been secured. The safe was found in the bottom, where it fell during the burning of the ship.

The British jack over the British embassy was at half-mast Wednesday as a mark of respect of the late vice president. Lord Pauncefote and members of his staff left their cards at the white house as a further evidence of respect. The half-masting of the embassy flag attracted considerable attention, and was regarded as an unacknowledged before a notary public usual mark of consideration to an American official.

# AFTER AGUINALDO.

Gen. Wheaton Will Go Up the Coast by Transport in Order to Cut Off His Retreat to the North.

WASHINGTON, Nov. 23.-The next move of importance is to be made by Gen. Wheaton, who will go up the coast by transport to Vigan, at the mouth of the Abea river. This will land his forces far to the north of where Aguinaldo is supposed to be, the intention being to cut off his retreat to the north. From the military information bureau it is learned that east of the route Aguinaldo is taking are mountains inhabited by tribes which are not friendly to Aguinaldo, and will be likely to attack him if he attempted to cross their territory. The country along the coast is quite well settled. There are to be a heavy depositor, precipitated a Box 4. Nepton, Ky.
